

Service Wire Organizer (SWO-2000)

Bundled With Tracer Wire to Save Money

The Gasmark Service Wire Organizer assembly includes:

- Protective reel
- Electronic marker
- Warning Tape
- Tracer Wire

To simplify inventory and bulk wire loss problems, the pre-wired SWO is available to your specifications and length. Subdivision and lot bar code identification can be included on each reel for shipment to the construction site or warehouse.

Reel size will accommodate up to 300 feet of 14 awg tracer wire and warning tape.

Easy To Use By Service Line Installers

1. Locate SWO with Electronic Marker Locator (locatable with models of marker locators)
2. Excavate to Reel Digging Shield
3. Retrieve SWO and unreel to residence - wire connectors and sealant included in kit
4. Return empty SWO for refilling
